 Tost Safety release Europa G 72, G 73, G 88
 Tost Special release S 72, SH 72
 and modified versions

TCDS No. 60.230/1
 TCDS No. 60.230/2
 TCDS No. 60.230/3

Subject:

TBO is changed as follows:

Maximum TBO between 2 general overhauls = = 2000 launches
 (that means 10.000 releases/actuations)

Basis:

**Conference of February 7, 2001 at the LBA
 (Luftfahrt-Bundesamt Braunschweig)**

Steps:

**Modification of the following sections in the Operating manuals and
 marking with a lateral stroke:**

Section 2.7	Period of operation respectively number of launches
Section 8	Care and Cleaning
Section 9	Malfunction - causes and correction
Section 10	General overhaul

Schedule:

With approval by the LBA all new releases and overhauled releases are
 accompanied by the new pages of the Operating manuals.
 New edition of the Operating manuals.

The English translation has been done to our best knowledge and belief, but in case of
 uncertainty the German original is authoritative.
